

Amigo Family Counseling, LLC

Responsibility Social Therapy Psychological Evaluation Records Requests

Clients will complete evaluations and psychological assessments when initially becoming a client at Amigo Family Counseling, LLC (AFC). Additionally, all clients in the Responsibility Social Therapy™ (RST) are required to complete annual psychological evaluations.

The client or parent will have the option to choose if they do or do not wish to receive a paper copy of these initial and/or annual assessment results once results are scored. If a copy of a client's psychological evaluation has been received by the client or parent, Records Fees will apply for the receipt of any additional copy/copies.

PLEASE NOTE: The assessment results are not meant to be interpreted by the client or parent. Thus, we require that all clients who wish to receive the psychological assessment results schedule an appointment for a review session wherein the results can be professionally explained by Dr. Emilio Amigo, Michael Bayda, MSW LISW, or the client's individual therapy clinician. If a review session is not scheduled, psychological evaluation results will not be released. To inquire about review session fees, please contact the office.
